

D6215 12 Channel Interpretation Host

Features

- Conform to IEC 60914 international standard
- Work with the intelligent conference system host D6201
- Can connect with 11 interpretation Mic D6229, realize 11+1 languages interpretation function
- With 12 audio output channels to connect with Infrared Transmitting Host D6304

Specification

Model	D6215
Frequency response	45Hz-18kHz
Signal to noise ration	>80dB
Harmonic distortion	<0.1%
Cross talk attenuation	>65Db
Output power	≤12W/24W each output (when there are 11 outputs together)
Maximum power consumption	150W
Static power consumption	10W
Power supply	Switching power supply 100-240V
Size(L×W×H)	484×258×88mm
Net weight	7kg
